EXPERIENCE

Mobile Application Developer

2025 - Present | Erbil, Iraq

Freelance / Personal Projects

- Developed cross-platform mobile applications using Flutter and Dart.
- Built a Fitness Planner app with BMI calculator, calorie tracking, and workout features.
- Created an Erbil Soccer Club app with match schedules, news, and fan-zone features.
- Integrated Firebase for backend services and real-time data management.

EDUCATION

Undergraduate Student in Information System Technology

Present | Erbil, Iraq

Erbil Polytechnic University

- Undergraduate study focused on software development, databases, and system design.
- Built practical projects across mobile and web development.
- Worked with MySQL, Oracle, JavaScript, PHP, and Firebase in academic and personal work.

SELECTED PROJECTS

Fitness Planner

Mobile Application

A fitness-focused mobile app built to help users track health metrics and workouts, including BMI calculation, calorie tools, and training support.

Tech: Flutter, Dart, Firebase

Erbil Soccer Club

Mobile Application

A fan-centered application featuring match schedules, results, news updates, and an interactive space for club supporters.

Tech: Flutter, Dart, Firebase
